

Wednesday, March 17, 2021

2:00 pm – 6:00 pm: Pre- Congress Workshops

- IFFS Reprogenetics Interactive Workshop
Directors: J. L. Simpson, Marcos Horton
- Reproductive Medicine Workshop: Clinical
Directors: Stella Lancuba –Gustavo Estofan
- Reproductive Medicine Workshop: Surgery and Images
Directors: Leticia Solari –Claudio Rulhmann
- Reproductive Biology Workshop
Directors: Cristian Álvarez Sedó –Conrado Avedaño
- Psychology Workshop
Directors: Gabriel Fiszbjan –Alejandra Hallberg
- Nurses and Medical Assistants Workshop
Directors: María Elena Cortina –Mariana Barnes

6:30 pm - Opening Act- Stella Lancuba – Gustavo Botti

6:30 pm– Video Poster Session (will remain open until de closure act on Friday, march 19, 7:30 pm)

Thursday, March 18, 2021

7:45-8:00am – Welcome – *Stella Lancuba – Gustavo Botti*

8:00 - 09:30 –SAMeR Symposium: New Information in Reproductive Medicine

Moderators: Stella Lancuba – Gustavo Botti

8:00-8:20 - IVF Past and Present: What progress have we done? - *Catherine Racowsky*

8:20-8:40 – PCOS: Endocrinology and Morbidity after Menopause - *Mats Brannstrom*

8:40-9:00 – Controlled Ovarian Hyperstimulation Advances - *J. Ricardo Loret de Mola*

9:00 -09:30 – Discussion

09:30-10:00 – **Conference 1:** Clinical Indications for PGT-Aneuploidy and PGT-Monogenic Disorders.

J. L. Simpson

Presenter: *Marcos Horton*

10:00-11:00 – 1 Oral Presentations of Research Papers

Moderators: *Valeria Basconi – Constanza Branzini*

Congress Program

- 10:00 – 10:10 – Ovodonation: It is indistinct to use fresh or devitrified oocytes? *Gabriela Arenas*
- 10:10-10:20 – Rapid embryonic development and blastocyst formation.
Mercedes Papayanis
- 10:20-10:30 – Prospective study of the effect of laser –assisted hatching on the clinical outcomes of thawed embryo transfer cycles – *Valeria Torres Monserrat*
- 10:30-10:40 - Early removal of cumulus cells prior to ICSI enhances early embryonic development. Randomized controlled clinical trial – *Romina Pesce*
- 10:40-10:50 – Side effects on sperm after magnetic separation by annexin columns – *V. Conrado Avendaño*
- 10:50-11:00 – Cumulus cell vitrification: Impact on the oocyte and subsequent embryonic development – *Rocío S. Iazzio*

11:00-11:30 – **Conference 2: Accuracy and Predictive Value of PGT-A and PGT-M.** *Svetlana Rechitsky*
Presenter: *Marcos Horton*

11:30-13:00 – **SAMeR-SAEC Symposium: From Oocyte to Embryo**
Moderators: *Alicia Pené – Stella Lancuba*

11:30-11:50 – Mitochondrial Function in the ovum health. *Cristian Álvarez Sedó*

11:50-12:10 – Innovations in Embryo Selection. *Catherine Racowsky*

12:10-12:30 – Human genome editing: from animal model to humans. *Sebastián*

Demyda Peryrás

12:30-13:00 – Discussion

13:00-14:00 – Lunch – **Symposium FERRING**

14:00-15:00 – **2 Oral Presentations of Research Papers**
Moderators: *Idelma Serpa – Karina Maero Baez*

14:00-14:10 – Norethisterone acetate as an inhibitor of premature ovulation –
Alejandra Casas

14:10-14:20 – Association between the absence of the corpus luteum and the risk of placental insufficiency in pregnant women due to assisted reproduction procedures – *Maite García Zeman*

14:20-14:30 – Serum Progesterone levels and pregnancy rate in oocytes recipients –
Luciana Devenuto

14:30-14:40 – Natural versus stimulated cycle in non-elective single embryo transfer –
Georgina Percivalle

Congress Program

14:40 –14:50 – Results of a fertility preservation program for social reasons – *Evelyn De Martino*

14:50-15:00 – Sudden weight loss in young men undergoing bariatric surgery: Impact on Reproductive function and metabolic status – *María Celeste Craia*

15:00-15:30 – **Conference 3: Freeze All vs. “Fresh” Transfer.** *Catherine Racowsky*
Presenter: *Stella Lancuba*

15:30-17:00 – **SAMeR Symposium: Update in Reproductive Medicine**
Moderators: *Gustavo Estofan – Gabriel Fiszbjan*

15:30-15:50 – Assisted Reproduction Complementary Techniques (add ons). *Claudio Ruhlmann*

15:50-16:10- Current Role of Surgery in Reproductive Medicine. *Gustavo Botti*

16:10-16:30- Male Advanced Reproductive Age. *Gastón Rey Valzacchi*

16:30-17:00- Discussion

17:00-18:30 – **SAMeR – SACIG Symposium**

Moderators: *Gustavo Botti – Claudio Ruhlmann*

17:00-17:20- Ambulatory Hysteroscopy in Infertility. *Leticia Solari*

17:20-17:40- Surgical Treatment of Ovarian Endometrioma. *Matilde Quaranta*

17:40-18:00- Deep Endometriosis: Diagnosis and Treatment. *Victorio Viglierchio*

18:00-18:30- Discussion

18:30-19:00 – Ceremony: New Executive Committee SAMeR 2021-2022

Friday, March 19, 2021

7:45-8:00 – Welcome – *Stella Lancuba – Gustavo Botti*

8:00-09:30- **SAMeR-REDLARA Symposium**

Moderators: *A. Gustavo Martinez – Agustín Pasqualini*

08:00-08:20- IVF Laboratory Quality Control and their Impact on Results. *Claudio Bisioli.*

08:20-08:40- Results of the Argentine Assisted Fertilization Registry. *Carlos Morente*

Congress Program

08:40- 09:00- Results of the Latin American Assisted Reproduction Registry. *A. Gustavo Martínez*

09:00-09:30- Discussion

9:30-10:00- **Conference 4: Patient Management with recurrent abortion.** *José Luis Castro López.*
Presenter: *Gustavo Botti*

10:00-11:00- **3 Oral Presentations of Research Papers**
Moderators: *María Inés Viglierchio – Ramiro Esteban*

10:00-10:10- Use of Letrozole in stimulation protocols of normoresponsive patients.
Santiago Gervasini

10:10-10:20- Impact of COVID19 on patient care and results of assisted reproductive techniques in a public hospital. *Natalia Canel*

10:20-10:30- Recurrence of breast cancer in women with and without controlled ovarian stimulation for fertility preservation. Cohort study. *Ana Florencia Vinacur*

10:30-10:40- Annual variation of population birth rates and assisted reproduction procedures in the Córdoba areas. *Mariana Hernández*

10:40-10:50 – Role of diagnostic laparoscopy in patients with apparent unexplained infertility. *Leticia Solari*

10:50-11:00 – Simultaneous laparoscopy and hysteroscopy in infertile patients: Endometriosis and associated findings in the uterine cavity. *Evelyn Páez Llano*

11:00-11:30- **Conference 5: Risk and Complications of Assisted Reproduction Procedures.** *Carlos Sueldo*
Presenter: *Stella Lancuba*

11:30-13:00- **SAMeR-ALMER Symposium: “Challenge in Assisted Reproductive Techniques for patients with specific pathologies”**

Moderates: *Stella Lancuba – Sergio Papier*

11:30-11:50- PCO and ART: Recommendations based on 2018 International Guides. *J. Ricardo Loret de Mola.*

11:50-12:10- Optimizing ART Results in Endometriosis patients. *Carlos Sueldo*

12:10-12:30- Reproductive Management in Patients with Genetic Ovarian Insufficiency. *Sergio Papier*

12:30-13:00- Discussion

Congress Program

13:00-13:30- **Conference 6: The effect of obesity on Men and Women's Fertility.** *J. Ricardo Loret de Mola*

Presenter: *Claudio Ruhlmann*

13:30-14:30 – Lunch

14:30-15:30- **4 Oral Presentations of Research Papers**

Moderators: *Celina Palena - Romina Pesce*

14:30-14:40- Origin and frequency of error in an Assisted Reproduction laboratory – *Claudio Ruhlmann*

14:40-14:50 – Results of preimplantation genetic tests for aneuploidies (PGT-A) according to medical indication – *Pía Casanova*

14:50-15:00- Impact of culture conditions on blastulation rate and aneuploidy rate: Comparison between sequential and continuous medium – *Maximiliano Beltramone*

15:00-15:10 – Embryonic morphology and its relationship with the PGT-A results – *María Valeria Paz*

15:10-15:20- Influence of mosaic embryo detection protocols on the results of a PGT-A program - *Francisco Leocata Nieto*

15:20-15:30- Validation of a non-invasive PGTA-A protocol. First experience in Argentina, *Ariel Ahumada*

15:30- 16:00- **Conference 7: Uterine Transplant: Current Status and Future.** *Mats Brannstrom*

Presenter: *Gustavo Botti*

16:00- 17:30- **SAMeR Symposium: Fertility Preservation**

Moderators: *Gabriel Fiszbajn – Fabián Lorenzo*

16:00-16:20- In Oncology Patients. *José Luis Castro López*

16:20- 16:40-Ovarian tissue cryopreservation. Expectation and Argentinian experience. *Gabriel Álvarez*

16:40-17:00- For Social Reasons. *Gustavo Estofan*

17:00-17:30- Discussion

17:30-19:00- **SAMeR Symposium: Controversies in Reproductive Medicine**

Moderators: *Gustavo Estofan – Agustín Pasqualini*

17:30-17:50- Pre-conceptional Genetic Studies on Gamete Donation. *Gabriel Fiszbajn*

17:50-18:10- Final Oocyte maturation and the Luteal Phase Supplementation. *Marcos Horton*

18:10-18:30- Transfer day 3 vs. day 5. *Stella Lancuba*

18:30-19:30- **Awards ceremony and Closing Act.** *Stella Lancuba – Gustavo Botti – Gustavo Estofan*

Congress Program
